Summary

Python Backend Developer with experience building REST APIs using FastAPI and deploying scalable applications on AWS. Worked on real-world backend systems, including authentication and engagement features. Also experienced in data analysis using Pandas and NumPy to extract insights from datasets.

Technical Skills

Languages: Python, C, C++

Backend: FastAPI, REST API Design

Databases: SQL, Firebase

Data Analysis: Pandas, NumPy, Matplotlib

Cloud & Tools: AWS (EC2, S3 basics), Git, GitHub

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

Experience

Backend Developer Intern | Infosys Springboard

Feb 2026 – Apr 2026

- Developed backend for **Bragboard**, a recognition platform, using FastAPI.
- Designed and implemented REST APIs for authentication, posts, and engagement features.
- Deployed backend on AWS, managing server configuration and API routing.
- Collaborated with frontend team (React) and resolved API integration issues.

Projects

Superstore Sales Data Analysis

Python, Pandas, Matplotlib

- Analyzed 9900+ retail records using Pandas to identify sales and profit trends
- Cleaned and transformed raw data improving data accuracy
- Built visualizations using Matplotlib to highlight high-performing categories

Personal Finance Analysis

Python, Pandas, Matplotlib

- Processed 1100+ financial records to track income and expenses
- Built category-wise spending analysis to identify saving opportunities
- Identified spending patterns to highlight cost-saving opportunities

GradeX | AI Exam Preparation Tool

Firebase, Gemini

- Developed AI-based exam question generator using Firebase and Gemini API
- Designed backend logic to process input content and generate structured questions
- Improved output accuracy using prompt engineering techniques

Education

Master of Computer Applications (MCA)

2024 – 2026

Patna University

Bachelor of Computer Applications (BCA)

2021 – 2024

Patliputra University

Certifications & Achievements

- Python Foundation – Infosys Springboard &Scaler
- C/C++ & HTML – IIT Bombay (Spoken Tutorial)
- SQL & Database Fundamentals – Oracle Dev Gym
- Responsive Web Design – freeCodeCamp
- Star Performer Award – CPBFI (Bajaj Finserv)
